

**The Haematology Patient & Carers Congress  
Partner Brochure | 2025**

Advancements in  
Healthcare start with  
bringing patients, carers  
and clinicians together.  
And HPCC does just  
that.

President of the British Society for Haematology (BSH), Consultant Haematologist at Oxford  
University Hospitals NHS FT, Director of Oxford Iron Clinic

# Europe's largest haematology patient and carers event is here.

Building on the resounding success of our 2024 event, the Haematology Patient and Carers Congress 2025 is poised to be Europe's premier and most impactful gathering yet. We're raising the bar even higher – delivering world-class speakers, fully immersive experiences, and unmatched networking opportunities that will truly accelerate patient outcomes, therapies access and innovation for the haematology community.

Bringing together communities across Waldenström's Macroglobulinemia and Myeloproliferative Neoplasms to Sickle Cell Disease, Myeloma, Chronic Myeloid Leukaemia, Chronic Lymphocytic Leukaemia, Acute Myeloid Leukaemia and more, the HPCC25 is set to create an energising atmosphere of learning and advancement. Shared experiences, expertise, and insights will catalyse innovations that increase the potential for developing safer, more effective medicines and care approaches.

Bigger in scale, bolder in vision, and elevated in impact - the HPCC25 promises to be **an unmatched experience you won't want to miss.**

# What is the HPCC?

The Haematology Patient and Carers Congress (HPCC) puts patients at the centre of haematology care and innovation. Organised by Sanius Health, the HPCC agenda focuses on addressing the unmet needs of patients by revolutionising access to clinical trials, elevating real-world evidence, energising patient involvement in research, co-creating future therapies, and conquering medicines adherence challenges.

The congress aims to integrate the experiences and insights of patients and caregivers throughout the research lifecycle and healthcare system. By synergising perspectives across the haematology community, the HPCC seeks to pioneer solutions that truly serve patients' needs and preferences, ultimately transforming haematology care in the UK and beyond.

# An introduction to sponsoring **the HPCC25**

The HPCC25 is more than just a healthcare congress. It's a catalyst for uniting patients, carers, clinicians and thought leaders to drive enhanced patient outcomes and accelerate innovation.

**How to get the most out of the HPCC25 sponsorship opportunity:**

## **1. Get Maximum Impact, Earlier.**

Our most successful partners lock in their participation at least 6-12 months in advance. This allows them to craft bespoke and comprehensive outreach campaigns that culminate at the HPCC.

## **2. Share Breaking News**

If you have exciting news or announcements regarding care advancements, the HPCC provides an unparalleled platform to share this with the haematology community.

## **3. Secure Your Seats First**

Sponsorship packages come with a scaled number of tickets including exclusive all-access passes. Secure additional tickets now for your team and guests, with bigger savings.

## **4. A Truly Tailored Experience**

The HPCC is designed to be a truly immersive experience. Connect with your ideal audience by creating a tailored engagement strategy and sponsorship package with us.

## **5. Drive Partnership Potential**

The core mission of the HPCC is to bring together partners across patient, clinical and carer communities. Curate a sponsorship package with us to propel one-on-one networking and connection opportunities.
