

# Welcome to the CML HPCC Session

sanius

**Chairs:** Dr Guy Hannah & David FitzGerald

Timings	What's on
14:30 PM	<b>Intro and New Developments</b> Dr Guy Hannah (Chair)  An introduction to CML, including key updates on asciminib as a frontline treatment and the latest clinical trials shaping future care.
14:40 PM	<b>Managing Side Effects</b> Joanna Large, CNS
14:50 PM	<b>Drug interactions inc. complementary therapies</b> Nick Duncan
15:00 PM	<b>How to get the most out of your consultations</b> (including practical tips for CML)
15:10 PM	<b>Using tech, wearables and the CML app</b> CML Support and Sanius
15:20 PM	<b>Stopping, optimising, switching TKIs (Tyrosine Kinase Inhibitors)</b>  <b>Q&amp;A session</b>

Designed by Andrea Preston and Nick Duncan in collaboration with CML patients, Sanius Health's MyCML+ is a free app for people living with CML.

The app empowers individuals with CML to track symptoms, manage medications, monitor side effects, and access the latest insights on treatment and care.
